

My Village and Me - Homework

Autumn I

Below are some suggestions for your homework project. Please choose one to complete, although you are welcome to choose more than one if you wish. Projects are to be returned to school by Wednesday 15th October so we can share them as a class. If it is easier, projects can be photographed and emailed to Infant2@gunthorpe.notts.sch.uk. Thank you for your ongoing support.

Create a dance or exercise routine (3-4 min) to get your heart pumping! Either send in a video via email or you could perform it in class.	Use Google Maps (with a grown up) to find your house and create a 'birds eye' view from above with some labels e.g. sandpit, swings, pond, etc.	Create your own bug hotel for woodlice in the garden and send in a photo! Think about our experiment we did and recreate the damp, sheltered conditions.
Make your own fruit kebab (with a grown up) and write a list of ingredients used. Write one thing that was good about it and one thing you would change for next time.	Produce a fact file on someone you think is an 'inspirational leader'. In class, we will be looking at Marcus Rashford and Rosa Parks.	Create a maths poster for the classroom showing bonds to 10 for Year 1 or bonds to 20 for Year 2. Make it bright and colourful.
